

BIGSANDY NEWS.

Entered at the postoffice at Louisa Ky., as second-class matter.

Published Every Friday By
M. F. CONLEY,
Editor and Proprietor

OFFICE:—GUNNELL'S BLOCK,
Main Street, Louisa, Kentucky.

E. S. Ferguson and Miss Stella Conley are authorized to transact business for me during my absence. Or I can be reached by telephone at any time. M. F. CONLEY.

TERMS:—One dollar per year, in advance.

Advertising rates furnished upon application.

FRIDAY, Dec. 24, 1901.

Announcements.

CONGRESS.

The friends of Rowland C. Burges beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

A CHART FOR THE HOUR.

Whistle—when back makes light your heart
Sing—when you're down in store
But, oh, when trouble's on start
Then sing and whistle more.
Chicago Record-Herald

LEADERS' QUESTION.

Sounds of Christmas in the air.
Whistle 'till you're tired and sing.
An' still it's question every where.
What's Santa Claus a bringin'?

Atlanta Constitution

Congressmen Kellogg failed to get on the Rivers and Harbors committee, but he made a fight that deserved to win.

The development of Big Sandy's mineral wealth has been a long time in coming, but it will bring all the greater returns now.

Mr. Andrew Carnegie has indicated his desire to establish a fund of \$10,000,000 for aiding deserving students to pursue higher education by means of research. The Cabinet discussed the matter Tuesday. Mr. Carnegie proposes to have the Government become trustee of the fund.

SAW DEATH NEAR.

"It often made my heart ache," writes L. D. Overstreet, of Elgin, Tenn., "to hear my wife cough and it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with consumption that no medicine or surgery help could save her, but a friend recommended Dr. Kings New Discovery, and persistent use of this excellent medicine saved her life." It is absolutely guaranteed for coughs, colds, croup, and bronchitis and all other lung ailments, and it is sold by all druggists. Try it at A. M. Hughes' drug store.

HEAD.

Mrs. Clay Nickell and sister Miss Maggie Moore, of Tordell, spent a few days here with their brother.

Roy Carter, of Madge, passed through our town Tuesday.

Misses Minnie Lemaster and Lillie Bradley, of Madge, visited the Misses Prose Saturday and attended the closing of the school at Dry Ridge.

Doc Cooper, of Cherokee, passed through here Tuesday.

The school closed at Dry Ridge last Saturday, after a successful term of five months taught by Doc Jordan. This is his third term and he has had great success and we all regret very much to have him leave our district, but we can assure the people wherever he teaches that they could not have a better teacher. The school closed with an entertainment but on account of it raining many were kept away but despite the disagreeable weather there was quite a crowd present and all report a very enjoyable day. All the pupils felt sad to part with their teacher, but we hope we will always have one as good as we have had for the past three years.

Jam Chandler and wife visited her parents recently.

Lock Moore went to Cordell Monday.

Lyss Prince now occupies his new house.

Will Cole has been here putting his logs in Blaine trying to get them out during the rise.

O. J. Vaughan and George Strugg were here Saturday.

Willie Berry and sister, Mrs. Tennie Curran visited their sister, Mrs. Mary Curran, of Elm Grove, last week.

Elm Grove, last week.

Elm Grove, last week.

"I suffered such pain with points I could hardly walk," writes H. Robinson of Hillsboro, Ill., "and Dr. Williams' Pink Pills completely cured me." Act like single on sprains, rheumatism, neuralgia, etc. Perfect builder of skin, nerves and blood. Only \$2.00 a bottle. A. M. Hughes' drug store. Cate got it cured.

Tutt's Pills

stimulate the TORPID LIVER, strengthen the digestive organs, regulate the bowels, and are unequalled as an

ANTI-BILIOUS MEDICINE.

In malarial districts their virtues are widely recognized, as they possess peculiar properties in freeing the system from that poison. They are sugar coated.

Take No Substitute.

THE ELOISE FARM.

A Model Agricultural Enterprise.
Some Concluding Remarks.

There is enough concealed within the Eloise Improvement Company's farm—its stock, its agricultural interests and its management if properly told to occupy every column of this paper. But to a newspaper man, whose horizon is limited by "pages," "columns" and "ads" and who must ask for the information he desires to place before the public, the array is rather overpowering, and he must exercise his best discretion possible in his selection of topics. On a recent visit, late in the afternoon of that warm and sunny Friday preceding the blizzard, he had a good opportunity of witnessing the extent, completeness and operation of

THE DAIRY.

Forty cows were being milked, and was done with a neatness and dispatch rarely foreign to the slovenly operation one usually sees where several cows are milked. In the first place it was done quietly—no stamping, no kicking, no blows. Each cow knew her place in the milking barn, and as she "gave down" the white fluid it seemed to the observer that she rather liked the business. As fast as the clean buckets were filled they were carried to the house where the milk, while yet warm, was submitted to the "separator." Some of the News readers may know nothing of the workings of this machine, and, to tell the truth, neither do we! All we know is that the milk is poured into a receptacle sitting on top of a concern which looks not unlike an elongated cylindrical coffee grinder. In this "grinder" are thirty little cups. Connected with it is a little wheel turned by a crank. You pour the milk through a strainer into a large vessel, slowly turn the crank, and presently the cream begins to come out of one spout and the "skimmed" milk out of another. And the work is very thoroughly done. The resultant cream is very rich, and commands 25 cents per quart. The separated milk is fed to the calves. A taste of it satisfied the scribe that however well these babies thrived upon it it would neither enlarge nor strengthen another sort of "call."

It is from this cream that the famous

ELOISE BUTTER

is made. As the advertisement says about Castoria "children cry for it" and not only children but everybody who has once tasted the delicious product. The farm can not nearly supply the demand. And no wonder. It is simply the perfection of butter. Absolute cleanliness marks every step of the process from milking to shipping, and there is a flavor and brightness about it not even had by the famous Elgin Creamery. Give us Elgin watches and Eloise butter!

THE FOOD.

Given to the cows at Eloise, its quantity and quality, has long been a careful study with Colonel Northrup. Food for a milk cow should produce the most milk possible, and at the same time keep her in good physical condition, and at the same time be an economical food. To this end the Colonel has planted all sorts of grains and grasses, and with these he has formed all kinds of combinations with mill feed and other products. There have been varying results, of course, but it is safe to say that if the perfect food can be raised or bought it will be used on the Eloise farm. Col. Northrup has a mixture which he has submitted to various dairy and cattle experts. He believes it to be very near the right thing in quantity, quality and result. Here it is:

Ensilage 20 lbs.
Corn fodder, steeled, 10.
Straw, 10.
Crushed corn 2.
Cotton seed meal 3.
Bran 1.

This, mixed, constitutes the daily ration for a cow, and before the late and unnecessary rise in the price of bran its cost was only eleven cents. Certainly this mixture contains milk-producing elements, being rich in protein, and it also has sufficient "roughness," and that is, in most suitable form.

Our prominent dairy man to whom this formula was submitted says it is too rich. He says that cattle that eat it would expend too much vital force in its assimilation. At least this is what it must mean when he says it makes them "giddy" too hard.

Cattle are fond of the various roots, such as beets, turnips and potatoes, and the Eloise farm produces these in all sorts of quantities and quantities.

The farm is well

"GAYS BY"

His crop and does no more till next season could gather useful lessons from the procedure at Eloise. It's almost a continuous plowing, sowing, planting, reaping and gathering.

Go there today—and as this is

written the necessity is simply to get near zero—and you will find every mother's son—and daughter—of them hard at work, doing something. Likely enough the men are storing the capacious lee house, the ice being gathered from a large pond, conveniently near and fed by living springs of pure water.

TENANT HOUSES.

Occupied by the farm laborers, many of whom have been in 17th Northrup's employ many years. Within a few yards of the C. & D. Ry., which passes through the entire length of the farm, and which has a station there, is the large well arranged building occupied by the farm men and his family. This building is lighted and warmed by gas and is in every way suitable for the purpose for which it is used. And this in conclusion brings us to say a few words concerning.

THE FOREMAN.

Robert Hartman, Bob, then a headless boy of seventeen, drifted into Louisa with Dan Rice's train about a quarter of a century ago. The show fell to Capt. Milton Prosser and his naturally gravitated towards horses and machinery and joined forces with Col. Northrup. Boy and man, he has served the Colonel about 21 years. He is equally at home running a mowing machine and caring for stock, and he is loyal and true to his employer. In this time has married an excellent wife and has two pretty children, just landing into adulthood. Mrs. Hartman has charge of the dairy and the conduct of the boarding of the employees, and is in all respects untiring in her position.

The farm of the Eloise Improvement Company is worthy of an abler pen than ours. Not only so, but it is worthy of being chosen as a model for such farming as can be carried on in Eastern Kentucky. Men who want to get the best results from stock or lands should visit it and study its methods, and then if they will but take pattern and do the best they can even with limited means, there will be less waste and more profit—less discontent and infinitely more content and satisfaction.

A. W. Bryant, of Elgin, Ill., writes: "The boy was very fond of my mother. Call him to the doctor we gave him Foy's Kidney and Liver. The doctor was amazed and puzzled in recognizing a mountain boy who had been so ill, and he quickly recovered."

OUR NEIGHBORS.

Col. W. H. Livingston, a merchant and ex-postmaster at Sadler, Carter county, is dead, aged 64. He is a prominent man in fraternal societies, and was a member of the Masonic, Odd Fellows and Golden Eagle orders.

Rev. Z. Meek, administrator of the late Captain Groen Meek, sold the steamer Thralke, to Stafford & Ward, Pointsville, Kentucky, and she will be continued in the Callittsburg and Pointsville trade as heretofore. The purchasers are conducting a wholesale grocery store at that point, and are among the wealthiest and most enterprising men of the Big Sandy valley, and they will be fully prepared to accommodate the business public between the two points named.—Carterburg Press.

Miss Julia Woods, the handsome daughter of G. H. Woods, a merchant of Newfound and Elliott Co., and John N. Woods attempted to elope Monday morning. The girl lowered herself from her window by means of a rope made out of blankets and mounted a horse her lover had in readiness. The old man was awakened, and like Lord Elton of old gave chase assisted by the girl's father. This modern "Young Lochinvar" had his horse shot from under him, and failed to emulate Sir Walter Scott's hero, who stayed not for brake and stopped not for stone. The lovers were parted and now reside there, many a day (twice the cliffs of Elgin) and the north bank of the Ohio.—Grayson Bugle.

Johnnie Riddle, aged eighteen, and William Shum, twenty, both of Knott county, were arrested by Deputy Marshal Archie Sargent a week ago, charged with complicity in the recent post-office robbery at Hindman. They were turned over to the United States District at London. Thursday Sargent left

with the prisoners for London. At a point near Norton, Va., the nearest railroad station, both the young men jumped from their horses and made their escape into the mountains. Deputy Marshal Sargent came here immediately and detailed a dozen men, headed by Deputy Sheriff Samuel Collins, who went in search of Riddle and Shum. Last night the men were captured on Smith's branch, just over the Knott county border, after a fierce fight.

After exposure or when you feel cold coming on, take a dose of Hough's. It never fails to stop a cold before it starts. A. M. Hughes.

Just Across the River
In West Virginia.

A post office has been established at Vance, Mingo County, W. Va., with L. F. Drake postmaster.

P. M. White, one of the oldest and best known business men of Logan, died Wednesday of last week at Dingess, where he had gone on business.

The Senate has confirmed the appointment of A. B. Garrett, of West Virginia, to be consul at Santa Fe, Mexico, and L. A. Martin, of West Virginia, to be consul at Ciudad Juarez, Mexico.

Mrs. Waugh, wife of a contractor, was held to the grand jury on the charge of arson. She is charged with setting fire to the Palmer block at Huntington. The fire was extinguished before it gained a great headway.

The little eighteen-months-old child of Sidney Ray was fatally burned Monday. The mother left her two children in an upstairs room until she went to milk. She had not been away from the house long until she heard the children screaming and running to the house, where she found the child lying in flames. Before the fire could be extinguished the little one was so badly burned that death came shortly after noon.—Huntington Advertiser.

Major Esig, of Huntington, has received a telegram from President Taft, of the American Fur & Foundry Company in New York, advising that he had sent this branch an order to build 500 cars.

This is quite a nice order and with what orders they now have on hand will keep the works going full force for some time to come.—Logan Banner.

Satisfied people are the best advertisement for Foy's Kidney and Liver. All who use it agree that it is a splendid remedy for all ailments of the kidneys and bladder. A. M. Hughes.

Trout Trees for Sale

Any variety of apple, peach or grape, \$5 per hundred. Plums, pears and quince, 25 cents each. Cash with order. Also, packed winter apples, Jannets, \$2.50 per box, 100 lbs. here. Smith & Co., 101 Harrison and 101 Davis \$50 per barrel each here. Rome Peaches, Red Wine Sap, Putnam Peaches in black apple, \$3.25.

Now is the time to plant trees.

THE GROCER.

BESSEYVILLE

Christmas will be celebrated here as usual by the Sunday School and elaborate preparations are being made by the officers and teachers for a splendid time.

Our school closed last Saturday and the dancing, and forming dances. Such a time has not been known in our country for many years.

The following people are given \$100 per cent in attendance for the month closing Dec. 11:

Bear, Fairy and Webb, H. H., Doyle and Leary, Pizz, F. B., Bessie, Ethel and Elsie Thompson, Clyde and Irene Carter, Nina Gaffay and Josh Lamm, Joe and Carl Bessie, Bessie George and Owen Workman, Sylvester Jole, Charley Bowers, Gabe Picklesbury, Harman Bussler and Marlon Thompson.

The zero weather here found some of us without fuel of any sort. Our stoves and branches are frozen tighter than for many years and those desiring to store away for would do well to employ the present opportunity.

Backs in Bess.

Doc A. Jones Upper Sandy Ky. writes: "After benumbing today's snow and rain for hours and find it the best remedy I ever tried. It stopped the cough immediately and relieved the soreness. Take a big bottle today. A. M. Hughes."

MADGE.

John Nelson, who made a flying trip to East Liverpool, Ohio, has returned.

We are sorry to learn of the death of little Bobbie Burchett, son of Wiley Burchett, who recently moved to East Liverpool. He was such a manly little fellow. We all extend our sympathy to the bereaved parents and friends.

Mrs. Robert Sturgill paid relatives a visit near Yatesville a few days ago.

The school at Pleasant Ridge taught by Miss Bertha Pross closed last Friday with an interesting entertainment. A large crowd was present and everybody seemed to enjoy the day fine.

John O. Burchett and family will start to Liverpool in a few days. We are sorry to lose them.

Grandma Stephen and grand-son have gone to house keeping at her old home on Blaine.

There will be a Christmas tree at Smokey Valley Xmas night Dec. 25th arranged by the committee, John Muncy, Grant Roberts, Bill Diamond.

THEY CRUSH THE POWERS

This is written in mid-October. The long, oppressive summer is quite gone. Fading fast, withering trees and the rustling corn in the fields are signs of the season. Fog, frost, rain, snow, are coming. You remember last winter, of 1900 and 1901. The weather was cruel. All the thousands it killed, and the hundreds of thousands it maimed and crippled. Oh, the rough grip it laid on men at work, women at home, and children in cradle and school. That began before Thanksgiving Day are racking and tearing them still; yes, and growing worse as they dig deeper into the poor, tired throat and lungs. Many were cured by using Benson's Plaster. For the soothing and healing power of these Plasters is wonderful. They conquer the complaint.

THAT ARE KILLING THE PEOPLE.

No other plaster, no other medicine or application, can compare with them. Coughs, colds, bronchitis, rheumatism, lumbago, kidney and liver troubles, asthma, influenza, they all go down before Benson's Plaster. No more images in the sun. You can't throw money away on a Benson's Plaster. Everybody is going to use them this season. But make certain you get the genuine. All druggists or we will pay postage on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N.Y.

The Life of McKinley.

By COL. A. McCLURE, the noted journalist and author of Lincoln and men of War times, will be the best and most authentic, profoundly illustrated and handsomely bound. Only 50c. per copy. \$1.50 an elegant portrait of McKinley free to every subscriber. Books shipped freight paid; agents wanted; quick sale; send list stamps for outfit. Give best terms. Address: Kew-Forest, N.Y., Sixth and Arch streets, Philadelphia, Pa.

CHARLEY.

R. B. Spencer who was closing out his store to quit business has declined the idea and restocked his store with a new lot of goods. Our town is still improving.

W. M. Chapman is having pavement laid in front of his dwelling. Also is having his store house and delivery painted.

Robt. Mead has moved into his new dwelling.

Wallace Vanhose has moved into the house vacated by Charley Charles. Haves Moore has moved from Lowmansville into a house of E. L. Moore's.

A. L. Burton is building a new wagon for David Spencer.

Rev. R. F. Rice will preach here 4th Sunday night.

Died, recently Uncle Owen Bryant's wife of heart failure. She leaves a large family and an aged companion to mourn their loss. She was the daughter of Isaac Pick, Sr., one among the oldest men in the Big Sandy valley. He will be 89 years of age in March.

Mrs. Cora Hurton who was on the sick, is improving.

Asher Miller and family are off on a visit.

We have been informed that there has been a clothing store erected at Ulisses by Stevens and Dalton and it is progressing nicely under the management of Calvin Stevens.

James Martin moved in the house vacated by Decatur Spencer.

Miss Emma Borders is visiting at Ulisses.

HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A husband's face tells the story of the overworked housewife and mother. Deranged nerves, leucorrhea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

is doing this for thousands of American women to-day. It cures Mrs. Jones and that is why she writes this frank letter:

Glendear, Ky., Feb. 14, 1901.

I am so glad that your Wine of Cardui is holding me. I am feeling better than I have felt for years. I am doing my own work without any pain and washed that week and was fine. I did not know that the Wine of Cardui was so good. I am getting better than I ever was before, and sleep good and am healthy. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I don't think of lying down through the day.

Mrs. Richard Jones.

91-93 AT DRUGGISTS.

For order and literature, address: "The Ladies' Auxiliary Department," The Chicago Medicine Co., Chicago, Ill.

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or common glass with your water and let it stand twenty-four hours: a sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble. Too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kimer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects liability to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery free by mail. Address Dr. Kimer & Co., 110 West Broadway, Co., Binghamton, N.Y. When writing mention this generous offer in this paper.

Nora Burton says: "Over three is the prettiest thing I ever saw."

Write again, Belfast, and River. Blue Hawk.

"I wrote the life of my father to Fifty Hones and Tar. He had a cancerous growth and the first I gave him relief. My confidence in him and his confidence in me was a great help."

Miss Liza Holbrook and others were shopping at Ulisses last week.

Ammon Holbrook is carrying the U. S. Mail on Route No. 20262.

Floyd Holbrook was calling on friends at Osie last Sunday.

School at this place will close Dec. 20.

John Arrington is making an addition to his house which is very attractive.

Wabash WHITEHOUSE.

J. S. Johnson, a produce man of Portsmouth, Ohio, is in our town this week.

The company store at this place has a new clerk, J. W. Hinkle, of Richmond.

Felix Grimsley, of Flat Gap, has moved to this place and opened up a livery stable. We hope Mr. Grimsley will do well.

S. T. Williams a merchant of this place, is going to close out business soon.

We now have a good river and the Cambo and the Doney will make regular trips to Pikeville.

Whitehouse is to have a winter school.

We said some time ago that the P. O. which is now Myrtle, would soon be changed to White House. The change takes effect Jan. 1, 1901.

Timothy Winkley.

We recommend to all blood takers for all blood troubles such as: rheumatism, neuralgia, sciatica, itching humors, pimples, boils, carbuncles, blood-poison, itching bones, fevers, scurvy, cancer, catarrh, rheumatism, in B. B. cures all malignant blood or skin diseases, especially advised for children's blood. It cures when all else fails. It deals every case of people, stops all aches and pains by giving a healthy blood supply. Thoroughly tested for 30 years. Thousands cured. At drug store \$1 per large bottle. Send readers will receive a trial treatment free by writing Dr. Gilliam Atlanta Ga. Describe trouble and free medical advice given. Medicine sent at once, prepaid.

Rev. A. J. Frasier is having quiet success in protracted meeting at Long Branch.

We are sorry to note that little Lora Layne is no better.

Mrs. Martha Wooten was shopping in Fallsburg Thursday.

Misses Sarah Frasier and Maggle Hostick, of Kinners, were here last Sunday calling on Miss Ella Wooten.

Mrs. Isaac Nunley and Miss Mattie Burton were here visiting Mrs. Mary Wooten Monday.

Mrs. M. C. Frasier of Casper, was here last week calling on Mrs. Liza Queen and Mary Wooten.

Manford and Bill Marrow, of White creek, passed through here enroute to Blaine last week.

We can say that S. G. Green has the finest mansion at this place that has been built here. It is quite an improvement to our community.

Lon and Harry Nunley were calling on the fair sex last Sunday.

Our school closed here last Friday with Jim-on Skene as teacher.

John Wooten and son Everett have just returned from White's creek with a fine drove of young cattle.

Nancie Queen returned to Canonsburg last Sunday after a brief visit with home folks.

S. G. Green and wife were visiting at Kinners last Sunday.

Misses Ella Wooten and Liza Queen were shopping at Kinners last week.

Sina Collinsworth passed through here with a fine drove of cattle from Fallsburg last week.

Prof. James Frasier, of Kinners, was here Wednesday.

Steve Queen sold a fine drove of hogs last week to D. A. O'Daniel and has several more on hands to sell.

Preaching here Saturday night by R. V. Miller.

Wallace Cuckran, of Fallsburg, was visiting Bill O'Daniel and family Sunday.

Willie Queen with success to the News. Blue eyes.

HOW'S THIS?

We offer the Hundred Dollars reward for any one who can tell us the name of the man who has been killed by the train at the crossing near the bridge over the river.

W. J. Hinkle, a U. S. Marshal, is in town. He is a fine fellow and a good man. He is a fine fellow and a good man.

W. J. Hinkle, a U. S. Marshal, is in town. He is a fine fellow and a good man. He is a fine fellow and a good man.

Pistol Practise

It is becoming more popular among women. The reason given is that a woman should know how to use the pistol for self protection. The theory should be carried further. Where a woman is in danger from assault once she is in danger, a woman should be able to defend herself. Women have not only the right to defend themselves, but they have also the duty to do so. Women should be taught to use the pistol as well as the sword. Women should be taught to use the pistol as well as the sword.

From these diseases Dr. Pierce's Favorite Prescription will effectively defend women. The use of this medicine, given as directed, will restore the woman's health. It corrects irregularity, drives out the poisons, cures inflammation and ulceration, and cures female weakness.

"I cannot say enough for Dr. Pierce's Favorite Prescription and Golden Medical Discovery," writes Mrs. L. M. Tull of 48 Franklin Street, New York City. "I found it a great help in several cases of 'Pleasant Pellets' and can say that it has helped me to live. May many thousands of women take Dr. Pierce's wonderful medicine."

After a long illness, Dr. Pierce has been suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, or by mail. All correspondence is held as strictly private and confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. The People's Common Sense Medical Adviser, a book containing 1000 pages, (expense of mailing only), for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

here Friday.

Ab Friend was at Levi Webb's Sunday.

Walter Mayfield has returned from W. Va.

Dave Thompson will move next week to his farm on the Jim Wood branch.

Lewis Thompson will occupy the house vacated by Dave, and Fred Gowan the one vacated by Lewis.

C. S. Gowan is wearing a broad smile since the arrival of a girl at his house.

Minnie Thompson went to Webbville Tuesday.

Mrs. Giles is visiting her daughter, Mrs. Kate Littlejohn at Grayson.

School will close at this place Friday.

We would like to hear from Irad, Overda and Irish creek. N. Y. Z.

Food Changed to Poison.

Putting food in the intestines produces diseases like those of arsenic, but Dr. King's New Life Pills expel the food from the bowels, gently, easily and surely, curing constipation, biliousness, sick headache, fevers, all liver, kidney and blood troubles. Only 25c at A. M. Hughes drug store.

LITTLE BLAINE

Misses Ida and Alma Hays have been very poorly with fever. They are getting better.

Born, to Webster Poe and wife, a fine boy.

F. M. Moore will teach school in District No. 25 this winter.

T. T. Thompson's school closed on the 17th inst. with a treat for all.

There has been a great deal of hustling on our creek the past few days. Mat Moore bought a farm of T. L. Moore and sold his to Thornton Moore. David Justice swapped farms with B. F. Moore. John Estep moved to S. H. Burton's farm. B. F. Moore moved to the house vacated by Estep, and David Justice moved into the house vacated by B. F. Moore, and Mat Moore moved to his farm, and T. T. Thompson moved in the house vacated by Mat Moore. Who can beat us moving?

Mrs. Lon Oudell died Dec. 8th. She leaves a husband and three small children, the youngest only three weeks old at the time of her death. She was a daughter of Rev. W. H. C. McKelster. She was 28 years old and had lived a Christian nearly all her life. She was a good mother, a true wife and was loved by all who knew her. She said she was ready and willing to die. We would say to all, if you want to meet her you will have to go to heaven for she is there. She has gone to live with her mother, sister, and

starting in the feet or ankles comes from a weak or diseased heart—a heart that cannot keep up the circulation. The blood then settles in the lower limbs where the watery portions ooze out into surrounding tissues causing bloating and swelling. The heart must be strengthened and built up before the dropsy can be cured to stay; and the best of all heart medicines is Dr. Miles' Heart Cure.

"Heart disease made my feet swell so that they had to be laced in several places. One bottle of Dr. Miles' Heart Cure helped me and twelve bottles worked a complete cure."

JAMES T. BERRY, Hartford, Me.

Dr. Miles' Heart Cure gives new strength to the heart, regulates the circulation, stimulates the digestion and restores health. Sold by druggists on a guarantee.

HOME AND CHILD

Does your horse "feel his oats"? What a difference between the grained and the grassed horse! The first strong and full of ginger, the second flabby, weak and tired out before he begins. The feeding makes the difference. Children are not alike either. One is rosy, bright-eyed, full of life and laughter, another is pale, weak and dull. The feeding again is responsible. Sickly children need special feeding. They don't "eat their oats". Scott's Emulsion adds just the right richness to their diet. It is like grain to the horse. The child gets new appetite and strong digestion. Scott's Emulsion is more than food. It is a strong medicine. It rouses up dull children, puts new flesh on thin ones and red blood into pale ones. It makes children grow. Scott's Emulsion makes ordinary food do its duty.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample.

SCOTT & BOWNE, 609 Pearl St., New York City. All druggists.
